RESIDENTIAL ADULT EDUCATION CENTRES IN CANADA

Speaking at the Maritime Consultation on Residential Centres for Adult Education in February 1966, Gérard Barbin, director of L'Institut Coopératif Desjardins, asks,

"A quels besoins un centre doit répondre dans les Maritimes?".

The question, if asked across Canada, would bring many responses .....

"Our centre is a laboratory of thought and research."
"We are a thought generating centre."
"We educate leaders in the Arts."
"We re-train the unemployed."
"People come here to back off from the pressures and take a new look."
"Our centre is important in creating informed, working, members of our organization."
"Our centre is a meeting place between thought and action."

Programs "tailored to needs" characterize Canadian centres. It is expected that as provincial divisions of CAAE develop, strong Residential Adult Education Committees will be formed. Consultations, workshops, on provincial problems of finance, facilities, methods, can save money and improve programs.

This directory of Residential Adult Education Centres in Canada is made possible because people responded to the appeal of the Standing Committee of the CAAE on Residential Adult Education. The directory is not complete, nor will it ever be complete. Therefore, we would appreciate hearing from you if you have amendments or additions. These will be used to up-date the first revision of the directory.

Standing Committee, Residential Adult Education, CAAE, "Corbett House", 21/3 Sultan Street, Toronto, 5, Ontario.
